

November 10<sup>th</sup>, 2008

To whom it may concern,

I am pleased to write about my experience with **Rob Hamilton** and his company;  
Concrete Philosopher.

I have worked in the construction industry for over 22 years.

I have known Rob for almost two years now.

We hired his company to perform waterproofing concrete applications in the three  
level parkade at our King Edward Village Project.

Rob provides outstanding customer services even under pressure.

Rob is reliable, professional, dedicated and enthusiastic with a positive attitude

I strongly recommend Rob Hamilton to any company in search of a motivated and  
honest waterproofing sub-contractor.

Do not hesitate to contact me if you need further information.

Best regards,

**Benoit Pâquet**  
President
