To Rob of Concrete Philosopher,

I would like to thank you and your crew, for the work you did in my crawl space. It was a real challenging job, but you and your crew never gave up. Your crew was very professional, and did a great job of protecting the floors and walls of our house, also did a great job cleaning up after themselves. I will be recommending you to anyone I know who has a water problem in the future.

Once again thank you Darren Rushworth

Ps. if you would like to use me as a reference in the future feel free my number is (604) 842-4170
